**Brief:** A memorable day for the music industry of India. Lata Mangeshkar, also known as the 'Nightingale of India', was one of the most versatile singers in the Indian film industry. The best classical singer and theatre artist Pandit Deenanath Mangeshkar and Shevanti in Indore, Madhya Pradesh. In a career spanning nearly eight decades, Lata Mangeshkar was the singing voice for a bevy of Bollywood leading ladies. She lent her voice to over 5,000 songs in over a thousand Hindi and 36 regional films. She had an unprecedented impact on Indian film music. Since 1942, Lata pushed back the boundaries of music with her mind-boggling skills. Over the years, Lata had sung for actresses from Madhubala to Priyanka Chopra. Best known for her versatile voice quality, she recorded albums of all kinds (ghazals, pop, etc.). ## REPORT OF YUGANTAR EXHIBITION 2021 -2022

**Date:** 12/12/2021 – 16/12/2021

**Organized by:** PDEA'S College of Architecture

**Brief:** The entire annual exhibition was hosted by students with faculty coordination, the output worked out to be great. The entire event was held for 4 days. The event was inaugurated by Principal Sir which was followed by a Aarti of Chhatrapati Shivaji Maharaj. The event had the entire entrance foyer decorated with the student work. The students sheet, sketches, study – tour work, thesis sheets all were displayed there.

The exhibition was displayed where student's parents were invited and even the students with new admission had a brief idea of what architecture is and even their parents. The students had displayed various models from large scale to a small scale. A huge sky-scraper building was being displayed at the centre of the foyer which was eye-catching.

The models very made in different material and with attractive colour were catching eyes of the viewers. The gratefully done and finished were the housing models and the settlement layout models. The most eye catching was the entire study tour sheets done on Maheshwar. The intricate detailing was a great job done by our students which was liked the most by the visitors and guest.

There was a faculty group photo, which was clicked as a memory on student insistence. The students hard work really paid off and the event was successful.

## REPORT OF STRUCTURAL MANIFESTATION ART FEST

**Date:** 07/11/2021

**Time:** 1:00 pm onwards

**Conducted by:** PDEA's COA

**Brief:** Structural Manifestation Collage promises to be an important creative outlet for many years to come because it allows artists to explore and experiment with creating truly new, exciting and often unexpected results.

**Aim:**

- This lesson not only has students experimenting with the structural art of collage, but it also has them thinking deeply about composition. It's a great primer to get them experimenting with visual storytelling.
- We have discussed how collage means assembling different colours, textures, shapes, and materials to create a new concept.
- Here are some pictures of the students attending the workshop and output given by the students.

Here are some pictures of output given by the students.
